

I am a doctor from the University of Buenos Aires graduated in 2008 and specialized in pediatrics in Rivadavia Hospital with a postgraduate degree in pulmonology. My passion for helping children and their families drives me to constantly learn and improve my skills in the field of pediatrics. I believe in providing comprehensive and compassionate care to my patients, and I strive to make a positive impact on their health and well-being.

I am dedicated to staying current with the latest advancements in medicine and technology in order to provide the best possible care for my patients. I am grateful for the trust that families place in me, and I am committed to being a supportive and understanding presence in their lives.

I am grateful for the opportunity to make a difference in the lives of children and their families, and I look forward to continuing to serve my community with dedication and compassion.
